Persons living in the county of Heilbronn for whom an allowance letter was issued by the responsible authorities are entitled to buy a Mobility Ticket (a sponsored "Sahne-Ticket II") for the Heilbronn, Hohenlohe and Haller public transport system. The **Sahne-Ticket II** is a personal chip card that is valid in the entire area of HNV, from Monday to Friday after 8 AM and on weekends and public holidays all day long. Currently, the full price is EUR 51.50 per month while the share to be paid by the owner of the sponsored Sahne-Ticket II is EUR 20.00 per month. A requirement for this Mobility Ticket is that the subscription must be made for the full period stated in the allowance letter. If another allowance letter is not filed after the date of expiry, the chip card will become invalid. If a person is caught riding on a train or bus without a valid ticket or chip card, they will have to pay a higher fare in accordance with Sec. 10 of the general transport terms and conditions.

Persons who fulfil the following requirements may buy sponsored tickets:

- Persons who receive unemployment benefits or welfare (Arbeitslosengeld II / Sozialgeld (SGB II))
- Persons who receive welfare as pensioners or due to reduced working capacities / income support benefits (SGB XII)

NOTE:

Only for applicants who have no income from employment.

Sponsored will be persons who receive the above mentioned benefits and their relatives of full age (18 years) that are listed in the allowance letter.
